The annual Technology and Trends Executive Briefings will provide an expert analysis on the impact of emerging technologies set to re-shape enterprise and the Workplace.

Join us to find out how the latest technology innovations will revolutionise Workplace and learn how workforces will need to adapt to integrate these changes into organisational culture.

- Understand how the latest technological innovations will challenge & impact your organisation
- Learn how your industry is placed to benefit from the latest technologies
- Learn how to future proof your workplace strategies
- Meet like-minded peers in an informal and interactive setting

Who should attend these briefings?

- Corporate Real Estate
- Facilities Management
- Architects & Designers
- HR

EVENT SPONSORS

EXPERT PRESENTERS

Nigel Miller

Managing Director of Cordless Consultants

Nigel has led Cordless Consultants as MD to deliver independent consultancy on IT and AV innovation for projects aligned to workplace change, technology refresh, construction and relocation. Nigel's career spans 30 years in IT, having held senior managerial positions in Hurleypalmerflatt, HP, Unisys and Digital. Nigel is today recognised throughout the industry for his knowledge of technology innovation in the workplace and is a regular commentator, writer and presenter on technology developments, with articles published across a range of trade and national journals.

Tracy Badau

Strategy and Visioning Consultant, Cordless Consultants

Tracy is a highly experienced Consultant, her career starting within Facilities Management in the UK. Relocating to Australia in 2002, Tracy had the opportunity to move into relocation consultancy, managing moves for a number of blue-chip clients in Melbourne. Before leaving Australia, she spent three years on the workplace transformation of National Australia Bank, a program of physical, technological and cultural change responding to a need for improved flexibility promoting work/life balance, collaboration, sustainability and efficient use of property assets.
